

Twenty-four volumes of data on the Langford family and its genealogy, assembled by Mr. George Langford of Joliet, Illinois, and presented by his nephew, Mr. Nathaniel P. Langford of St. Paul, are recent additions to the Langford Papers (see *ante*, 5:511, 20:432). Mr. Langford traces his ancestry through the Sweeting, Robertson, Bell, and Langford families — those of his four grandparents. By means of charts, letters, and biographies, he shows how his family's roots extend into almost every country of Europe.
